

Processing pipeline

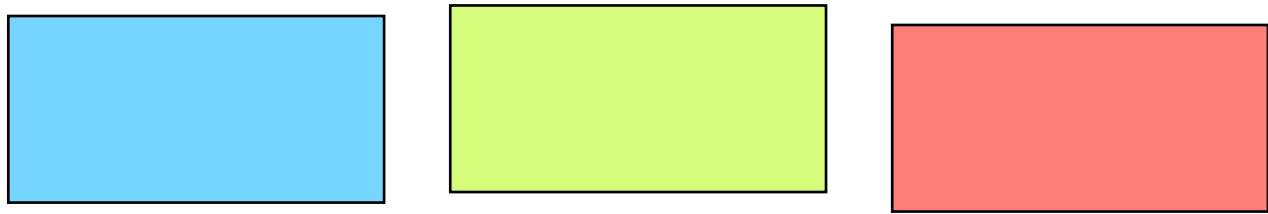

Individual tiff images exported from CaptureOne

Each scroll stitched with PTGui

Each scroll dehyperbolised with "vdecurve"

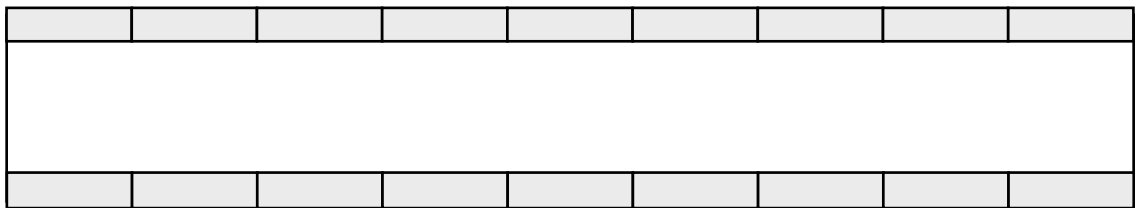

Each scroll vertically aligned and cropped with "valign" and "vcrop"

Rearrange to facilitate wrapping and merge with "vsplit" and "vjoin"

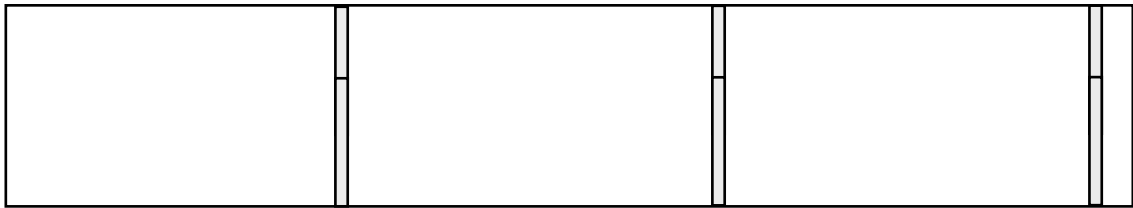

Extract sky and ground, extend and reinsert with "vextract" and "vinsert"

Extract unstitched areas, edit and reinsert with "vextract" and "vinsert"

Extract seams, edit and reinsert with "vextract" and "vinsert"

Final crop top and bottom with "vcrop"
